

Commissioners
Superintendent's Report

January 5, 2026

System Usage	2025	2024
December	6,075,604	6,000,000
Daily Average	194,987	193,548
Max Daily	248,324	370,000
Year to Date	91,066,185	82,137,000

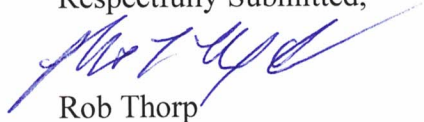

1. We received our Sanitary survey report. All went well. There are action items indicated which are already under way.
2. All domestic backflows have been done for the year. Maggi is working on getting all the fire system backflow reports.
3. The loggers are moving into the Gile Forest this week.
4. Tony and I completed the installation and start up for the Booster Station chlorination system. The new system has been running great for the last three weeks.
5. Quarterly reports have been completed and sent to DES.
6. Maggi will begin looking at what meters need to be changed out and scheduling those.

Workload

Backflow Testing

Meter Chang Outs

Respectfully Submitted,

Rob Thorp
